NABL/NABH

National Accreditation Board for Hospitals and Healthcare Providers (NABH) is a constituent board of Quality Council of India (QCI), set up to establish and operate accreditation programme for healthcare organizations. NABH has been established with the objective of enhancing health system & promoting continuous quality improvement and patient safety. The board while being supported by all stakeholders, including industry, consumers, government, has full functional autonomy in its operation.

Benefits of NABH

Accreditation benefits all stake holders. Patients are the biggest beneficiary. Accreditation results in high quality of care and patient safety. The patients get services by credential medical staff. Rights of patients are respected and protected. Patient satisfaction is regularly evaluated.

CERTIFICATION PROCESS

REGISTRATION :

The very first step towards the certification is "registration". We ask you to fill in a client information form that gives us basic information about your organization, people involved and operation processes then we are able to furnish you a quote proposal. We furnish the proposal quote with complete details like costing scope, methodology, requirements, and Accreditation scope, time scales, terms & conditions and general requirements.

AUDIT & TRAINING :

Once application for registration is received, documentation executive shall raise the audit plan and send it to client with in three working days in which our auditors will find out the flows in the company if any and our training team will help you to remove that flaws.

CERTIFICATION :

After successful completion of the above steps, the auditor recommends the certificate to the certification committee. Upon verification and acceptance by the committee, the registration certificate is granted to the client within fifteen working days after verification of corrective actions
